SUMMARY

I am a fresh graduate with a background in Information Technology and hold a Bachelor of Applied Computer Science degree. I have experience in developing web-based systems. This experience has honed my problem-solving abilities, programming logic, and resilience. If you are looking for a fresh graduate with strong problem-solving capabilities, solid logical thinking, and quick adaptability to new technologies, I am ready to contribute to your team.

EXPERIENCE

PT Cipta Krida Bahari   **Jun – Oct 2025**
Full-Stack Web Developer (Internship)

- Developed the "First Aid Kit Consumption" module using Laravel and Vue.js, enabling each branch of PT Cipta Krida Bahari to efficiently record and track the usage of first aid kits.
- Developed the "Genset Inspection" module using Laravel and Vue.js, enabling systematic inspections to ensure operational readiness and proper maintenance tracking of generators across branches.
- Developed the "First Aid Kit Inspection" module using Laravel and Vue.js, facilitating monthly inspections to monitor how many first aid kits have been used and the remaining stock in each branch.
- Developed the "Hydrant Pipe Inspection" module using Laravel and Vue.js, supporting regular inspections to ensure fire safety compliance and accurate monitoring of hydrant conditions across branches.

PT Telkom Satelit Indonesia   **Jul – Nov 2024**
Back-End Web Developer (Internship)

- Participated in the development of the Inventory Management System website's workshop module.
- Successfully designed and developed 16 REST APIs to support system integration
- Ensured APIs met performance and reliability standards by conducting thorough testing and debugging.

CERTICATIONS

Badan Nasional Sertifikasi Profesi (BNSP)   **Sept 2025 – Sept 2028**
Software Engineer

- Identifying Software Requirements Sources
- Classifying and Allocating Software Requirements
- Creating Documentation Specifications for Software Requirements
- Developing Software Requirements Specifications
- Designing Software Structures
- Designing User Interfaces

PROJECTS

KPP Pratama Bogor – Project Motion Graphic   **Feb – May 2023**
Account Executive
- Proactively communicate with the client to understand their needs and ensure project alignment.
- Gather, refine, and document the client's brief.
- Serve as the primary liaison between KPP Pratama Bogor and the development/production team.

EDUCATION

Institut Pertanian Bogor (IPB University)   **Agt 2021 – Agt 2025**
D-IV Teknologi Rekayasa Perangkat Lunak
Sarjana Terapan Komputer (S.Tr.Komp) | GPA: 3.20

SKILLS

Softskills: Resilient, Adaptive, Proactive, Collaborative

Hardskills: HTML, CSS, Javascript, PHP, Laravel, Vuejs, Basic Excel
